## Funds Disbursement Team

This team is established to determine local needs of the Crossroads and to distribute funds to those impacted by disaster and to assist with rebuild/recovery work. To receive funds a grant form must be completed. Grant applications are available by calling 361-572-9604 or via [www.experienceexcellence.org](http://www.experienceexcellence.org). The application and follow-up personal contact will be used to determine needs and to provide documentation for CCF's gifts.

CCF intends to distribute financial assistance to organizations and churches directly working with individuals and families in the Crossroads, and as directed by donors. The team will determine the amount given to each organization or church. All decisions will be held in strict confidence. The funds are in the form of a gift only with no services rendered for these funds nor expected pay back.

CCF's goal is to make it known that the grace which we show to those in need is a reflection of God's grace towards us. Everything we do is done in the name of Jesus Christ, reflecting His love for us.
